“UPGRADE YOUR PEOPLE PLAN AND BUSINESS OPERATING SYSTEM TO REACH NEW HEIGHTS”

By David McIvor

Description:

- Growing a successful business requires:
 - Clarity and alignment of Vision, Strategy and Structured Accountability; and,
 - Creating a unified culture of purpose and accountability, able to execute with excellence at every level.
- The post-COVID environment clearly underscores the business imperative that requires a balance of Control, Flexibility, Accountability and Strong Leadership.
- As goes the leadership, so goes the rest of the organization.

Big Idea - Successful businesses don't just happen. They are the result of clear thinking, design and execution. With the right business operating system, Leadership teams can achieve their business goals faster and easier - by using a set of timeless, simple and practical tools and practices to create a culture of accountability and to achieve predictable results.

Education Session Design - Working through an education segment and a hands-on exercise, Members will gain actionable insights into their business, identifying areas of opportunity while illuminating blind spots that may be undermining their goals and efforts.

The session will leverage the Pinnacle Framework, a continuously evolving curation of the world's best practices in business leadership, management and team health. The proven, practical and time-tested tools and methodologies have helped countless leadership teams up their game, and create better, stronger organizations. Two primary areas of focus are:

- How to build a better business operating system – How you operate your business.
- How to build a better team, aligned with your core values and expected levels of performance.

Take-Aways

1. The strength of any organization starts with its People, their shared Purpose and individual Accountability. Do you have the Right People in the Right Seats, and how do you know?
2. With the Right People in place, organizations can chart a Bigger, Bolder Future. Is your Vision and Strategy crystal clear, current and embraced throughout? Do you have the necessary structured Accountability and Playbook that delivers consistent and improving Performance?

Presenter: David McIvor

P.CRM, PTS, Certified Pinnacle Business Guide

My passion is helping leaders become better so they can grow better businesses.

I am a hands-on, practical, and outcome-oriented business coach and guide. Recognized for my ability to create strategic clarity and translate vision into sensible solutions, I am able to help owners and leadership teams achieve their own elevated clarity, organizational alignment and the structured accountability needed to drive consistent, reliable and rewarding results – in profits, purpose, relationships and time.

I have over 25 years leadership experience helping some of the best brands in Canada be even better.

- As lead strategist for the newly merged TD-Canada Trust, I designed and delivered key strategies that defined the customer experience proposition for the bank, which delivered \$XXM contribution and resulted in 7-years' Best In Customer Experience by J.D. Power.
- As an entrepreneur, I helped introduce a new franchise business to Canada, building the system's capabilities in Canada while operating 3 territories.
- I am a lifelong learner and teacher, and have coached and mentored individuals, leaders, teams, and youth in leadership, business, personal growth, fitness and nutrition.
- I am a certified Coach, Customer Strategist and Business Guide, leveraging the world's most evolved business leadership system from Pinnacle Business Guides.
